Teknoboard Thermal Insulation Board

BP-PP / BI-PP

Product Features

- Lower and upper surface Natural Kraft Paper
- Burning resistance according to TS EN 13501-1, for PUR and PIR insulation plate B
- Production length desired in width 1 m, length 1 m to 3 m
- 50-60-80-100 mm thickness options
- Compressive strength according to TS EN 826 0.095 MPa
- Use in roof, facade and floor insulation applications requiring high compressive strength
- Density 38 kg / m³ (+/- 2) for PUR, 40 kg / m³ for PIR (+ / -2)
- Production in Sakarya factory

Mükemmel Isı Yalıtımı
Perfect Thermal Insulation

Yatırım Ekonomisi
Investment Economy

Yüksek Yangın Direnci
High Fire Resistance

Hava ve Su Sızdırmazlığı
Air and Water Tightness
